DIRECTORS RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to

- * select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- * prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsibile for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors confirm that the company is entitled for the year ended 31st December 1997 to the exemptions from audit of its financial statements conferred by subsection (1) of section 249A of the Companies Act 1985. The directors further confirm that no notice has been deposited by members requiring the company to obtain an audit of its financial statements for that year.

In preparing this report we have taken advantage of the special exemptions applicable to small companies.
